

10 am, First Thursday of the month

Convened by Jessica Norris

jess@froghollow.garden

Show and Tell

Polly took a workshop with Liz and enjoyed experimenting with Overshot (MPD threading)

Teresa also took this workshop but played with Summer and Winter. She showed us her progression of working towards weaving square in this structure.

NEXT TIME

Let's discuss lace!

Huck, Bronson, Canvas Weave, Swedish or any number of hand manipulated laces (like Leno or Spanish Lace).

What do you love about lace? Do you have a favourite structure, and why?

Please bring show and tell on this theme.

Cathy has been enjoying Monique's intro to weaving course and showed us her plain weave, twill and double weave samples.

Cathy also wove her own project in twill with her red hand spun. Amazing!

Miriam showed us one of her favourite scarves that she wove with undulation and shadow weave.

Jess brought along the piqué sample she completed so people could see this very textured piece! She cut the warp off early due to terrible tension issues and the sudden loss of interest in the project as a result!

Jess also shared her sample from the JST school of weaving episode on Overshot with colour and weave.
